

Dear mr. Kuti,

Thank you for your email. I understand your worries concerning the Hungarian retirement changes. However, I am not an expert on the Hungarian situation. Therefore I would like to refer you to my Hungarian social-democratic colleagues. I am confident that they will be able to help you.

The head of the Hungarian social-democrats in the European Parliament is Tibor Szanyi. You can contact him via email: tibor.szanyi@europarl.europa.eu.

Kind Regards,
Agnes Jongerius

Many thanks for your email, please take this response as acknowledgement of receipt.

As a Member of the European Parliament for the whole of Scotland, over five million people, I receive hundreds of emails each and every day. We deal with email in the same way as regular post and your email will be processed within 20 working days from now.

I enjoy hearing from the people I represent however there are some matters I simply cannot get involved with because I have no power to usefully do so. I am afraid that I am not in a position to help with the following matters:

- * Legal issues (including matters concerning the European Court of Human Rights or Human Rights generally);

- * If you have highlighted a matter which concerns your local Council, Parliament or the UK Parliament rather than a European matter which concerns the European Parliament; or

- * If you have highlighted an issue regarding the interpretation and implementation of an EU rule by the government of Scotland, the UK or another member state rather than a matter which is presently relevant to the European Parliament. In the first instance the national authority should be contacted, only in the event of their failure to properly implement do I have any locus and even then it is generally rather limited.

If your email concerns one of the above points, unfortunately I will be unable to become involved, and this email is your response. You will find further information on this from the 'Constituency Cases' section of my website (www.alynsmith.eu). Similarly, if you have not included your postal address on the face of your email, please resend it with this information added. This will allow us to appropriately prioritise mail from constituents, those living in Scotland.

If you have emailed me but have not received a reply (other than this response) and believe you should have, please contact the office by telephone.

Yours aye,

Alyn

Thank you for your email.

This acknowledgement has been triggered electronically and I have not yet had a chance to read your message.

I receive a large number of emails each day and I aim to respond to them as soon as possible. However, please do not be disappointed if you do not receive an immediate reply. My office and I try to handle everything quickly and efficiently - but complex issues may need time. It would be helpful if you could include your name, postal address and telephone numbers in your email.

If your query is urgent please ring my West Midlands office on 01989 769544.

Thank you for taking the time to write to me.

Anthea McIntyre
Conservative MEP for the West Midlands Region

Dear all,

Many thanks for your email and your fight for more democracy in Hungary. The Green group in the EP is closely following what the Hungarian Government is doing in your country and we do fight the undemocratic methods it uses.

Our two Hungarian colleagues in the green group take the lead in this fight. I would recommend you to contact both of them: Tamás MESZERICS and Benedek JÁVOR. I include both of them in this answer.

Be assured that I will support all action in making Hungary a democratic state.

Kind regards,

Bart Staes, MEP Belgian Greens

Dear Mr László Kuti,

Mr Koch would like to thank you very much for your email concerning petition 1261/12 on Hungary's new law on early retirement pensions.

As I am not a member of the PETI committee which deals with citizens' petitions like yours I contacted the responsible services for some accurate information in order to respond you. I have been informed that your petition was discussed in 2013 and also at the PETI committee meeting last March. As a result of the first discussion the Commission announced that they did not find any grounds for infringement of EU law in the given question. Following the second discussion, the European Commission was contacted for additional information regarding other petitions which raise the same issue of early retirement schemes in Hungary.

According to the analysis of the Commission, no breach of EU law was identified in the mentioned cases.

In matters related to social security legislation the EU provides co-ordinating measures only in cross-border cases, when EU citizens exercise their right of free movement. The Commission explained in its response to the PETI committee that national legislations on pension entitlements cannot be subject to modification through EU law and it excluded its possible intervention.

I can assure you that the Committee on Petitions will inform you of any further development in your case in due course.

We hope that this reply is of help and remain,
with best regards,

Cezara Petruc

Dear Mr. Kuti,

Thank you for writing to me. But this looks to me very much a domestic matter for Hungary.
